8. Winning Combinations:

- A game may be won by a person being the **first** to complete a game determined by the caller e.g.
 - Full house
 - Race-track
 - Six numbers in a house, etc.

- At the time a winner of a game is determined, the ticket serial number will be verified and presented by the host conducting the game.

9. What happens when caller makes a mistake and calls the wrong number?

- The incorrect number that was announced will not stand as called since each number can be automatically marked and corrected as well as presented on the Facebook live video. The Bingo with Blake host will make every effort to call the correct number sequentially.

10. Number Verification

- The winning person is confirmed by the Bingo with Blake host. Once the game numbers are confirmed, the winner is announced.
- The tickets are issues with a ticket number and BSG Bingo 90 system knows who claimed the tickets and what numbers they have, which will automatically verify the winner via Excel database.
